LAGUNA BEACH, AN ARTIST COLONY

The tour begins with a beautiful coastal drive along Pacific Coast Highway to the artist colony of Laguna Beach. Arriving to our artist colony, you are cordially invited into a number of Laguna Beach artist studios to see how they work and find out what makes them tick!

You will be able to meet the actual artist and ask any questions or simply just browse and enjoy their work. Many artists are working as you tour through this collection of working studios. The artist mediums range from oil painting and watercolor to glass and jewelry, with styles ranging from traditional to abstract. There is truly something for everyone.

You'll enjoy a wonderful lunch at Las Brisas in Laguna. The legendary Las Brisas overlooks the Pacific Ocean and the beautiful Laguna Beach coastline where it has been a Southern California landmark since its inception in 1938 as the Victor Hugo Inn.

You will also have free time to explore galleries in Downtown Laguna Beach and shop.
